PRESS RELEASE

For Immediate Release

New Agent Addition: GDS Moving and Installation Inc.

Broadview, IL March 14, 2016 –National Van Lines is proud to welcome a new addition to the team. GDS Moving and Installation Inc. joined our team on February 18, 2016 and will make an amazing addition to National.

GDS Moving and Installation Inc. was established April 1, 2013. Owners, Gabriel Guerrero Jr. and Salvador Gonzalez, have been in business for 3 years and have provided professional moving services for commercial as well as residential moves. They specialize in commercial modular installation while working with modular brands. They currently hold a D34 contractor's license certifying them in the building of all modular models as well as Hotel FF&E installation. GDS Moving also provides other services such as logistics, electrical moves, and E-Waste pickups. They come with a 19,200 sq. ft. warehouse for all storage needs from simple boxes to bolt storage. GDS Moving and Installation Inc. has comprehensive knowledge and experience of what it takes to not only move your home and office, but what it means to keep you organized and productive during the process.

Owners, Gabriel Guerrero Jr. and Salvador Gonzalez have stood by the notion of their business being able to move practically anything. **"You name it, We'll move it!"** Gabriel and Salvador are excited to be apart of the national worldwide family. They are also looking forward to new opportunities as well as to working with all of the National Van Lines agents.

Background: Founded in 1929, National Van Lines is an ESOP-owned enterprise that began in the Chicago area as a one horse and wagon moving service and expanded to a nationwide fleet of trucks. The company's services include residential and commercial moving and storage domestically and internationally. National Van Lines has been designated a Pro Mover company by the American Moving & Storage Association and holds an A+ rating with the BBB.
