*Moving Your Memories*

## **National Van Lines is pleased to Welcome Moovers, Inc. to the Agent Family**

Chicago, IL –

Mark Doyle, VP Sales and Agency Development for National Van Lines, Inc. announces the addition of Moovers, Inc. to the van line service network. Moovers has been in business as an independent moving company for almost ten years. It began in 2003 in Northern California, operating under the original name of Matthew's Contract Services. It incorporated as Moovers, Inc. in 2005.

Matthew (Matt) Hassenstab, President, and other key employees all have years of hands-on experience in the industry. According to Doyle, "Matt chose to affiliate with National Van Lines after many years of operating as an independent because he felt that National's experienced management team offered a truly exceptional opportunity for his company's continued expansion."

Beginning with only one truck, Moovers has grown steadily and now has two locations—one in Pittsburg, California, near San Francisco, and one in Secaucus, New Jersey, near New York City. Their more than 50 full-time employees and 24 trucks are kept busy with hundreds of local, intrastate, and interstate moves each year.

Moovers' presence on both coasts enables the company to service a wide variety of shipments, while maintaining high quality standards. Each location has its own clean, secure warehouse—17,000 square feet, 2 vaults high in California and 9,500 square feet, 3 vaults high in New Jersey. Moovers' "A+" BBB rating, low claims ratio, and multiple Super Service Awards from Angie's List are evidence of its steady commitment to excellence.
