

INFORMATION SYSTEMS

New technology boosts productivity.

POWER 8

National Van Lines' proprietary moving and transportation system. Offers the competitive advantage to meet our ever-evolving industry's real-time needs. Designed, written and maintained by National Van Lines staff.

AGENT NETWORK

National Van Lines' custom-designed resource portal for agents and employees to access productivity-enhancing tools and information. Protected via secure log-in access. Provides access to our Power 8 software.

NVL+

National Van Lines' newest platform of agent tools. Powered by Salesforce®. NVL designed and implemented its two modules: leads and quoting.

- Provides the latest technology, intuitive processing and hosting in the cloud. NVL manages all support.

salesforce

NVL+ is built on the Salesforce platform — one of the most robust customer relationship systems available.
